Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit: 3632

This is an office action for serial number 09/406,531, entitled Configurable Mount, in response to amendment filed on December 8, 2003.

Response to Amendment

The reply filed on December 8, 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the claims are not readable on the elected species II (drawn to figures 2, 3, 10A-B, and 12A-C, elected in paper no. 9) because of the limitations "a second one said plurality of attachment comprising a wall mount" and "a third one of said plurality of attachments comprising a flat mount" and "at least one of said attachments comprising the assembly of less than all of said plurality of attachment components". The applicant can only direct the claims to the elected species II. The claims are directed to non-elected species I and III. The claims also fail to have the correct identifiers. The application includes claims which were previously withdrawn from consideration by the examiner. Any claim that was withdrawn by the examiner and any claim that does not read on the applicant's elected species II should have the claim identifier (withdrawn) following the claim number. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH** or

Art Unit: 3632

THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
